What Ethical Standards Should We Expect of Our Judges & Prosecutors?

Should they:

- **Interrogate and/or intimidate citizens who might support other candidates?**
- **Pressure citizens for donations to their campaign?**
- **Display campaign signs on Court House property - *During Early Voting*?**
- **Claim the DA sued them when all the DA did was file an appeal of the Judge's ruling?**
- **Accept $6000 from <u>one law firm</u>, including *$1000 each from a receptionist and two legal assistants?***
- **Withhold Key Evidence and Convict People on Key False Testimony From the Person Who Did the Actual Crime?**
- **Make "secret" deals, then deny them under oath?**
- **Pose with Jailers for their Campaign Ads while the Sheriff's Deputies are on the clock?**

Judge Haverkamp & Janice Warder have campaigned together on multiple occasions.

<u>They continue to deny it.</u>

➔ **Vote for Openness, Honesty & Integrity in Public Office and our Judicial System on March 4th.**

➔ **Vote for Uniform Justice based on the Crime and Evidence, not Who You Know or How Much You or Your Attorney Contributed to the Campaign.**

➔ ***Vote to re-elect Cindy Stormer for District Attorney on March 4th.***
